

HUNT FOREST PRODUCTS SCHOLARSHIP 2023-24

Hunt Forest Products has been a successful and innovative leader in the forestry industry since 1978. As a family owned and operated company with multi-generations deeply rooted in the forest products sector, they have established the Hunt Forest Products Scholarship in Forestry at Louisiana Tech University to assist future leaders with their educational expenses.

Meeting the challenge of the forest products industry in the future will require high quality products and the foresight, determination, and technical expertise of forest managers. To help meet those needs, the Hunt Forest Products Scholarship is intended to assist the recipient in paying any college educational cost that would otherwise be paid to Louisiana Tech University by the student up to the amount of \$1,000 annually. This scholarship also includes and encourages a full-time, paid, summer internship with the company for the same year that the student recipient receives the scholarship.

Applicants must be a full-time junior forestry student when receiving the scholarship. They must have a minimum 3.0 GPA in all official college courses. Applications will be reviewed on the basis of career goals, and financial needs. The scholarship recipient shall be chosen by the scholarship committee of the Forestry program. The scholarship committee will provide Hunt Forest Products, L.L.C. (Donor) with information about the top five applicants and the Donor will have an opportunity to provide input and feedback. Children of employees at Hunt Forest Products are eligible for the scholarship.

To apply for the Hunt Forest Products Scholarship, please fill out the form below and attach an essay as directed in the form.

HUNT FOERST PRODUCT SCHOLARSHIP APPLICATION

I. Personal Information (please print)

Name: _____
First
Middle
Last
