

Wild Dog Tales

President's Corner

Hey y'all! This quarter has been a super busy one for the club! I couldn't have been more blessed to lead such great people doing great things, from volunteering for public outreach and education, showing up to help out our community, and participating in fundraising and fun events, we've got a great group of people. I've got big shoes to fill from past presidents, but I feel like I'm up for the task! I recently got the opportunity to interact with the Southeastern Section of the Wildlife Society! I'd like to get our members more active with state, sections, and national chapters. We will continue to grow and engage with the the community in the coming quarter! We have a lot of cool stuff planned so follow along on our socials and keep an eye out for coming raffles!
-Holly Eubanks

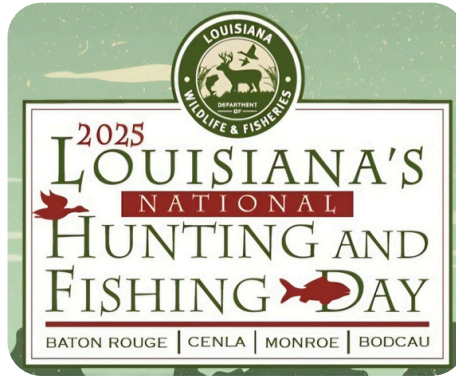

LaTech TWS Hits the Ground Running!

We started the fall quarter with members Serenity Frick, Caroline Joslin, and Matthew Gallagher joining LWDF in banding wood ducks at Corney Lake. We recruited many new members at the South Campus Welcome Back BBQ with 31 students attending our first club meeting for the new school year! We competed against other South Campus clubs in the annual South Campus Homecoming games.

On Main Campus, we held a bake sale with Halloween-themed treats. We partnered with LaTech Greenscape Club and WOLFS to help at the Briarwood Nature Preserve's Restoration Day in Saline. The quarter was also filled with club activities, such as making pine cone bird feeders, going on a nighttime blacklight walk to learn about how mushrooms interact with UV light, and a South Campus BioBlitz with Greenscape Club!

LaTech TWS Supports Hunting & Fishing with LDWF

Members attended LDWF's National Hunting and Fishing Day at Bodau WMA and Black Bayou National Wildlife Refuge.

At Bodcau WMA, students had story time with children while kids learned about different animals and their tracks at Black Bayou NWR.

Birds of a Feather Present Together!

October 8th - 10th, LaTech TWS President Holly Eubanks and Secretary Nikki Holland, with WOLFS President Caroline Comeaux and Secretary Aurora McCain (also TWS club members) attended the Louisiana Association of Professional Biologist Annual Symposium in Lafayette. Aurora placed 2nd and Nikki placed 3rd for poster presentation, and Caroline won 3rd place in undergraduate oral presentation. Great job to all who presented!

LaTech TWS Ends the Quarter Among the Fish!

On November 14th, we travelled to the Wonders of Wildlife National Museum and Aquarium in Springfield, Missouri. We got an inside look of what it takes to care for the wildlife with a "Back of House" tour, then spent the day exploring the aquarium and museum, learning about wildlife and conservation, and making amazing memories with friends!

The Louisiana Tech Student Chapter of The Wildlife Society is affiliated with the School of Agricultural Sciences and Forestry at Louisiana Tech University.
